Pre-K and Kindergarten Performance Standards

The Georgia Early Learning Standards column of this chart includes skills for infants through three year olds. The arrow between age groups displays the idea that children's development occurs as a continuum of growth. In some cases, the earliest evidence of a particular skill is anticipated at the 1, 2, or 3-year-old level. In those cases, the anticipated age is noted in parentheses following the skill, e.g., (2). For a complete listing of Georgia Early Learning Standards at all age levels, visit this web site: <http://167.192.222.136/> then see Appendix A- Standards and Indicators Continuum Chart.

The sequence of letters and numbers (e.g., LD 1a) that is associated with each indicator or standard in all three columns is a reference code that assists the reader in locating a specific item in one of the three original Standards documents.
