All for only
\$25

Benefits of Using Preschool Class Management Animal Symbols:

- Child friendly and fun
- Teaches animal identification
- Reinforces color recognition
- Practice name recognition
- Helps to remember other classmate names

Each child is assigned an animal

- Animals used on floor squares help children to form a line and know exactly where they need to be.

- Animals used on placemats provide visual cues for seating during snacks or lunchtime.

- Animals placed in cubbies define personal place for belongings
- Teaches respect for other children's space

- Placing animals on chairs allows teacher to determine seating arrangement and avoid possible behavior issues.

- Promote parent communication using notebooks with child's symbol.

- Using animals on daily job charts help to maintain class organization.

25 different reproducible animal symbols

Created using basic black line graphics

Available in both large and small format for different classroom needs

CD offers animals in color reducing preparation time

Complete instructions for classroom implementation

Use our Visual Schedule to Provide Organization And Consistency To Your Classroom!

Our visual schedule allows children to acquire a sense of time during their school day. It visually shows them which activities have already taken place, what is presently happening, and what will take place before going home.

Arrival	Center Time	CircleTime	Busy Fingers	StoryTime	Outside Play	Lunch	Dismissal
Domains	Domains	Domains	Domains	Domains	Domains	Domains	Domains
