

Brown Bear, Brown Bear, What Color Can You Be?
Color Matching
Level 2

Domain:

- Cognitive, Language

Objectives:

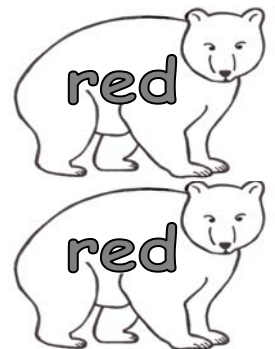

- Child will match colors.
- Child will identify colors.
(red, green, blue, yellow, orange, purple, brown, white, black)

Materials:

- *Brown Bear, Brown Bear, What Color Can You Be?* reproducible page
- colored construction paper (primary colors)

Instructions:

- Teacher will copy one page of *Brown Bear, Brown Bear, What Color Can You Be?* (2 cards) onto each of the selected colors. (For example: One page of red will result in a pair of two red bears...)
- Begin with basic primary colors for young children.
- Teacher will cut cards. (or cut individual bears)
- Teacher will assist children in identifying colors.
- Teacher will present colored bears.
- Child will select matching colored bears.
- Child will identify the name of the color.

Suggestions:

- Laminate for durability.
- Use Velcro on the backs if you want to display on a felt or Velcro board.
- Color words may be written on the bears for older functioning children.
- Colored fur material may be cut and attached to the bears to add tactile awareness.
