- "Read to Me" Certificates
- Shape Identification Cards

- Patterning Activities
- Number Recognition Activities
- Puzzles
- Cutting Grids
- Lacing Cards
- Mother Goose Sequencing Cards

Here are just some of the pages for activities that have been colored in each **Level 2** unit:

- Alphabet Wall Cards
- Upper/Lower Case Alphabet Matching Cards
- Sight Words With Objects From the Story
- Rhyming Bingo Cards
- Math Graphing Games

- Science Journal pages
- Cooking Sequencing Cards
- Animal/Plant Fact Posters
- Creative Writing Prompt Pages
- Community Helper Identification
- Field Trip Check Lists

The graphics on the CD are presented in both PDF and WORD format in color or black and white. The CD also includes completed lesson plan grids and parent letters. Providing parent letters in the WORD format will allow the teacher to edit the letters or any of the goals and objectives to meet the individual needs of each student. The lesson plan grids are interactive on the CD and allow the teacher to modify the plan to meet the need of individual classrooms.

For graphic manipulation choose the WORD format; then simply right-click on the object you want to select. After right clicking, you may copy and paste or delete that graphic. You may use a text box or "Word Art" to insert words or numbers.
Add <u>object</u> words

Add <u>color</u> words

Add <u>number</u> words

Read It Once Again color CDs are cost effective. You print only the graphics you want and as many as you need.

The graphics on the color CD included with this unit can be imported into assistive technology tools such as Boardmaker® and other communication devices. Read It Once Again offers an optional Interactive White Board CD which includes interactive activities from this unit to be used with Smart Boards®, Promethean Boards®, Mimeo Boards® or any interactive white board technology.
