Read It Once Again

Teaching Foundational Skills Using Literacy Curriculums for Young Children. Especially effective for children with language delays and autism.

Welcome!

Read It Once Again provides a comprehensive curriculum that promotes and establishes an early literacy-based foundation for the development of basic skills. It also provides the educator with student goals and objectives based on developmental milestones with structure and rationale. The curriculum engages the parent/guardian in the instructional process and fosters communication between home and school.

We are confident that by using our products you and your students will achieve great success while enjoying popular children's literature.

Sincerely,

Rae Schaper and the Read It Once Again Team

Read It Once Again Features A Unique and Successful Teaching Strategy

Our literacy based curriculums solidly establish the love of books and reading at a young age.

Creative repetition of foundational skills is systematically included in every unit.

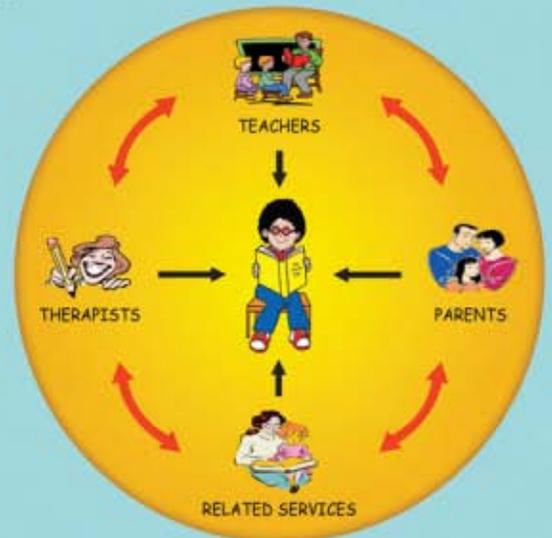

Intentional and extended focus on basic foundational skills ensure the acquisition of higher learning skills.

Predictable activities with elements of creativity and exploration provide a "flexible structure" for both students and teachers.

Activities are presented in multi-levels of difficulty allowing teachers to meet the individual needs of each student.

Interactive White Board (IWB) CDs allow teachers to present activities in a gross motor, large group format or in an individualized fine motor setting.

Our curriculum structure and format allows teachers and other classroom specialists to easily collaborate with a focus on the individual needs of each child.

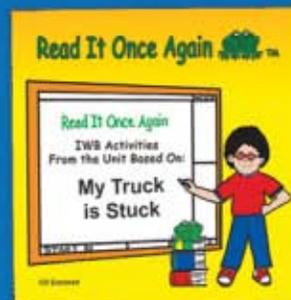

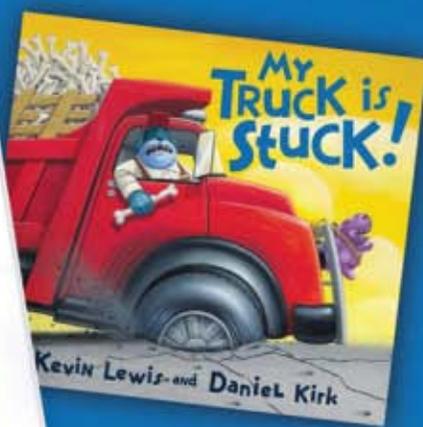

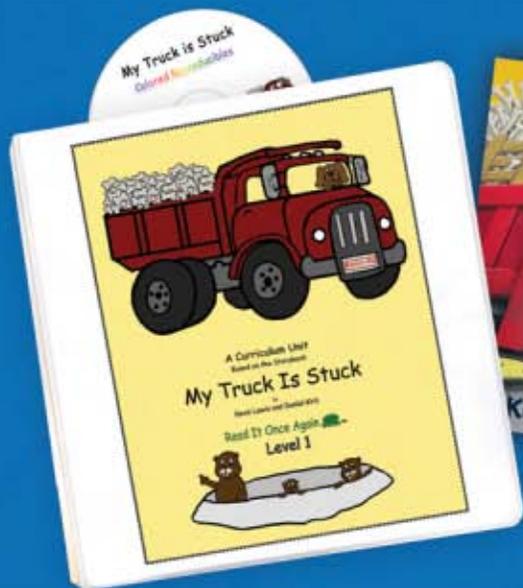

All Using the Same Curriculum
One Focus - Great Gains

Sequencing Cards

Each activity is introduced with a plan giving objectives as well as instructions. All plans are structured in the same format to ensure consistency.

Domain:

- Language, Cognitive

Objectives:

- Identifying domain provides clarity, justification, accountability for each activity.
- Child will identify characters and objects.
- Child will retell story using Sequencing Cards.
- Skills and objectives often match those found.

Materials:

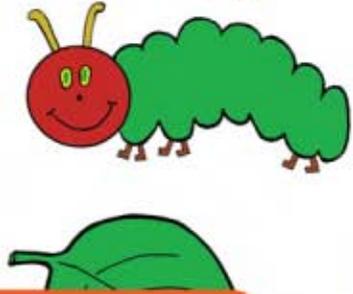

- Sequencing Cards
- card stock or durable paper
- markers, scissors
- felt board or Velcro board

Instructions:

- Necessary patterns or work paper are also included.
- Teacher preparation: Teachers have many time preparing activities.
- Copy, color, and cut Sequencing Cards.
- Teacher will retell story using Sequencing Cards.
- Assign the child to retelling the story by arranging the pictures in correct order.
- Step by step instructions help support students, parents, or substitute teachers.

Suggestions:

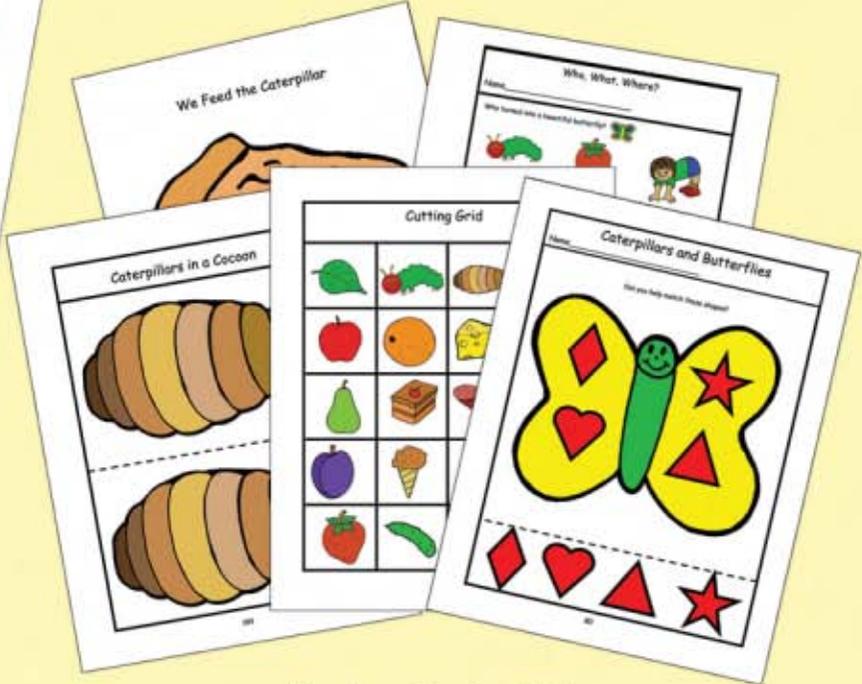

- Child can use Sequencing Cards while has been recorded on cassette tape.
- Child can use Sequencing Cards to retell their own story.
- Suggestions help teachers to adjust the needs of all children.

Printable Color Graphics
 Color graphics to support hands-on-teaching activities are printable from the color CD included with each unit.

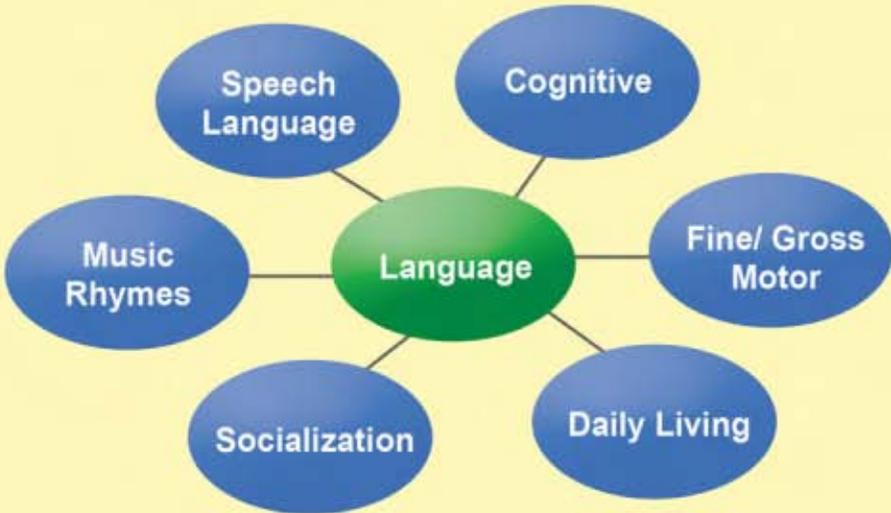

100+ Activities
 Over 100 activities with lesson plans are included with each unit to support goals and objectives.

Activities, lesson plans, and assessment tools provide foundational skills and prepare young children for success.

Single unit price \$50.
 See pages 12-13 for package deals.

Language Skills are intentionally included in every domain.

Level 1 Skills & Concepts

20 Foundational Skills & Level 1 Matrix

Read It Once Again

20 Foundational Speech and Language Skills Necessary for Early Learning Success

Based on Read It Once Again Level 1 Curriculum Units

Which Level 1 Units Are Best for My Students?

Here are the steps to help you select the most appropriate units for your students.

1. Review our Level 1 Skills and Concepts Matrix.
2. On the matrix, locate the first two columns following the title indicating the number of nouns and verbs in each story.
3. Choose storybooks based on the expressive language ability of the students in your classroom.
 - **Children with language or cognitive delays:** Choose books at the top of the matrix or those highlighted in yellow.
 - **Children with autism:** Choose books at the top of the matrix or those highlighted in yellow.
 - **Toddlers or early intervention:** Choose books at the top of the matrix or those highlighted in yellow.
 - **Typically developing children:** Begin the year with books at the top of the matrix or those highlighted in yellow, then progress to books lower in the matrix with more text requiring higher comprehension skills.
4. Review the skills listed on the matrix.
5. Now choose curriculum units based on storybooks that meet the language levels of your children along with appropriate foundational skills.
6. Plan your year. Begin with stories containing less text. Choose books that build vocabulary throughout the year.

1. Label objects
2. Repeat familiar words and phrases
3. Sequence stories and experiences
4. Demonstrate visual discrimination
5. Match, sort, and name shapes
6. Match, sort, and name colors
7. Identify numbers
8. Demonstrate number concepts
9. Repeat, extend and predict patterns
10. Demonstrate visual memory skills
11. Recognize and create rhyming words
12. Demonstrate knowledge of big and little
13. Demonstrate knowledge of same and different
14. Classify objects
15. Understand positional words
16. Answer "Wh" questions
17. Predict what comes next
18. Follow three step directions
19. Demonstrate understanding of abstract concepts
20. Retell a story or experience

Highlighted units contain rhyme, rhythm, and repetition. These units are recommended for children with autism.

Nouns and Verbs

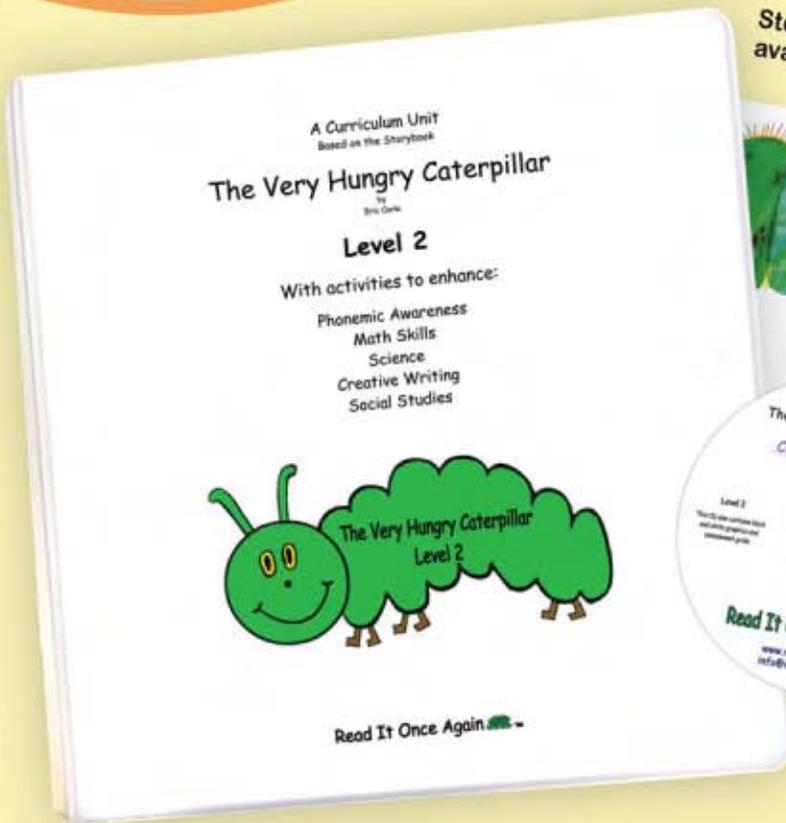

Our Level 1 units are listed in order of the number of nouns and verbs in the story book. The core concepts we teach remain the same for each unit. The books differ according to the amount of vocabulary.

20 Level 2 Units

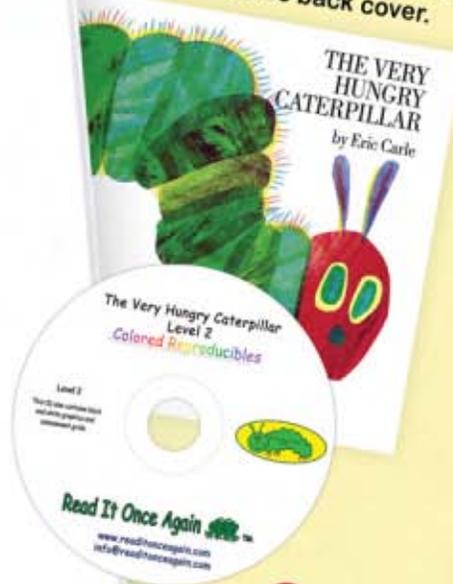

Address a higher level of foundational skills using the same story.

Read It Once Again

Combine Our Level 1 and Level 2 Units to Prepare Children for Success in Kindergarten

Storybook (not included with unit) available from Scholastic Literacy Partners. See back cover.

Included in Every Level 2 Unit:

Introduction

Phonemic Awareness

letter recognition,
rhyming,
sight words

Math

number concepts to 30,
estimating,
simple addition,
simple subtraction

Science

simple investigations,
predictions,
conclusions

**Creative Writing /
Social Studies**

expand investigation,
dictating and writing ideas,
community helpers,
family, self and others

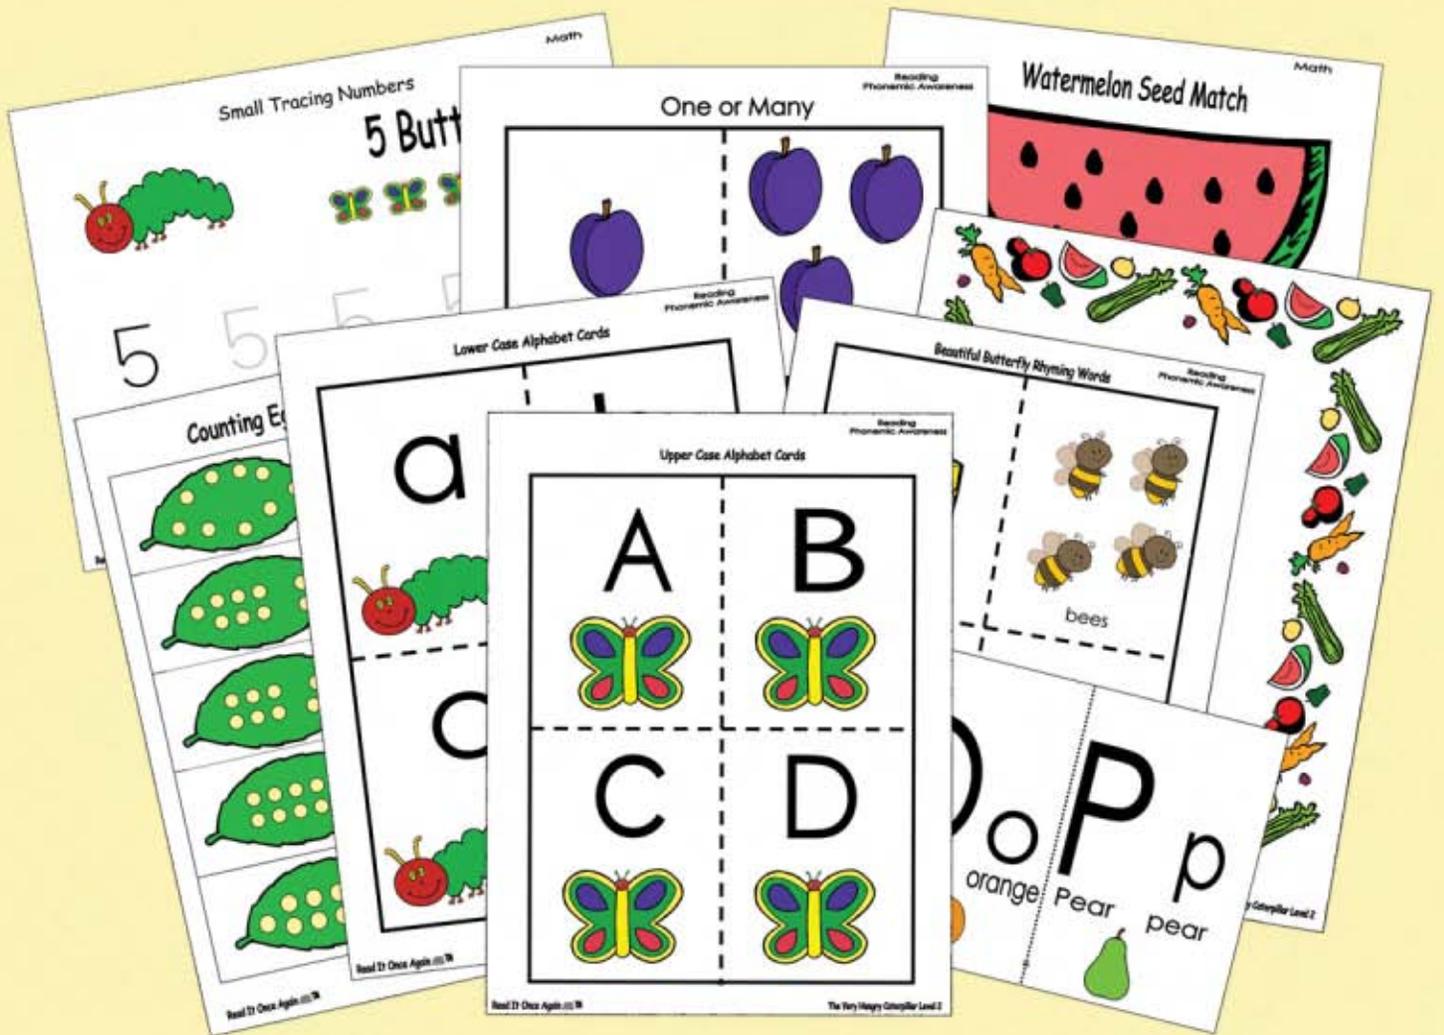

**Assessment /
Parent Letters**

Level 2 units use the same storybook to take our teaching strategies to the next level of foundational skills.

Single unit price \$50.
See pages 12-13 for package deals.

Higher level language skills are included in every domain.

Level 2 Skills & Concepts

20 Foundational Skills & Level 2 Matrix

Read It Once Again

20 Foundational Speech and Language Skills Necessary for Kindergarten Readiness

Based on Read It Once Again Level 2 Curriculum Units

Which Level 2 Units Are Best for My Students?

Here are the steps to help you select the most appropriate units for your students.

1. Level 2 units are appropriate for students who have mastered most of the concepts from our list of Level 1 Foundational Speech and Language Skills.
2. Review our Level 2 Skills and Concept Matrix. Choose units according to the academic needs of your students.
3. If you are teaching in a blended classroom, you may select Level 1 and Level 2 of the same story. Use both units simultaneously to meet the needs of children with limited language (Level 1) and also meet the needs of those who benefit from a higher level of language and academic activities (Level 2). See our Doubles Deal discount on page 14.
4. Our Curriculum Based Assessment is a great tool to use to assess the expressive language skills of your students and identify the level of unit best suited. See back cover for more information.

1. Matching upper case letters of the alphabet
2. Matching lower case letters of the alphabet
3. Identification of upper case letters of the alphabet
4. Identification of lower case letters of the alphabet
5. Identification of familiar sight words
6. Knowledge of concepts of print and book awareness
7. Identification of color words
8. Identification of shapes and shape words
9. Count or clap syllables in familiar words
10. Identification and match rhyming words from pictures
11. Trace letters of the alphabet
12. Print letters of the alphabet
13. Use symbols and drawings to express ideas
14. Rote count to 100
15. Count to 30 with one-to-one correspondence
16. Demonstrate knowledge of more or less
17. Demonstrate knowledge of simple addition (1-10)
18. Demonstrate knowledge of simple subtraction (1-10)
19. Trace numbers one to ten
20. Print numbers one to ten
