Dear Parents,

The storybook unit for this month will be *The Very Hungry Caterpillar* by Eric Carle. Many of you may be familiar with this book. It is a favorite of young children and offers the opportunity to present many learning concepts as well as enjoyment. As the caterpillar eats his way through a variety of food, your child will be learning all about counting, food, days of the week, and the life cycle of a caterpillar.

Listed on the following pages are some of the goals and objectives that we will be striving to meet as we read about the caterpillar and all the different kinds of food it finds.

The activities and creations that your child will be bringing to you in the next few weeks will relate to the objectives listed on the following pages. Please keep in mind that your child is not expected to complete every one of these objectives. We focus on individual needs and will select the goals that are most appropriate for your child.

Dear Parents,

Our hungry little caterpillars have turned into beautiful butterflies and it is now time to complete our unit for this month. Today your child is bringing home several activities that we have created throughout this unit. Your child has worked very hard on these projects and is eager to share them with you. Please take time to talk with your child about activities, pictures or projects that you will find in this envelope.

Also in this packet is the same book that we have read day at school. Many of the words, phrases and illustrations are familiar to your child. Read *The Very Hungry Caterpillar* together and enjoy!

Here are the goals and objectives that pertain to this particular unit with an overview of the progress that your child has made. Please note that your child was not expected to achieve each of these goals. The objectives that were not attempted are indicated by the number 5.

**Rating Scale**
1. - Mastery
2. - Significant progress
3. - Some progress
4. - No Progress
5. - Not attempted
