

Patterns in the Sun  
Patterning  
Language Large Group Activity

Domain:

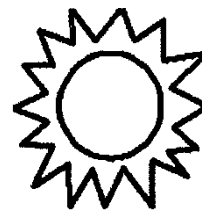

- Cognitive, Language

Objectives:

- Child will match patterns.
- Child will complete a picture of the sun by matching appropriate halves.

Materials:

- *Patterns in the Sun* reproducible pages
- construction paper or card stock
- scissors
- Velcro or felt board
- lamination (suggested)

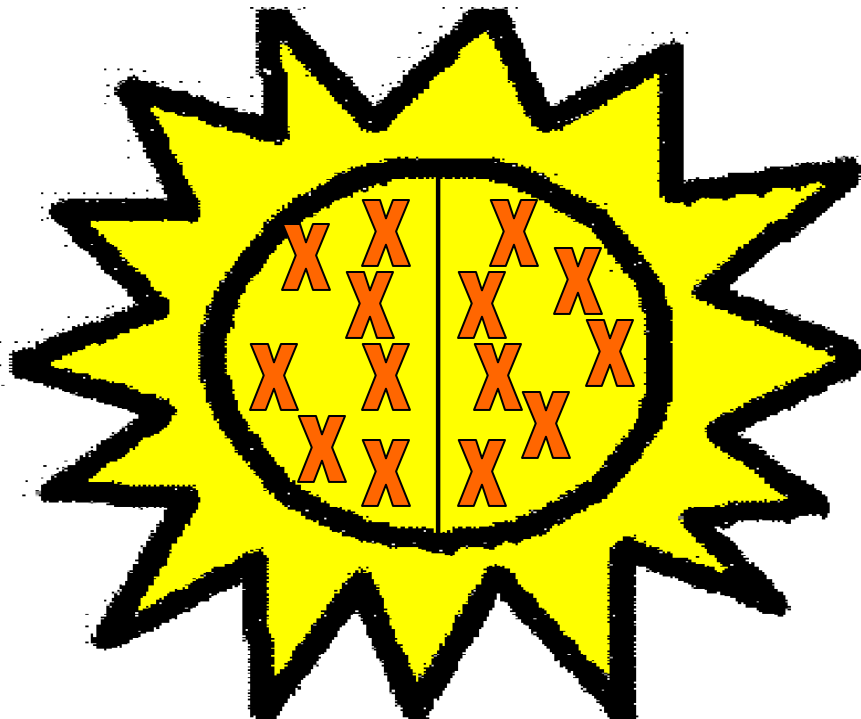

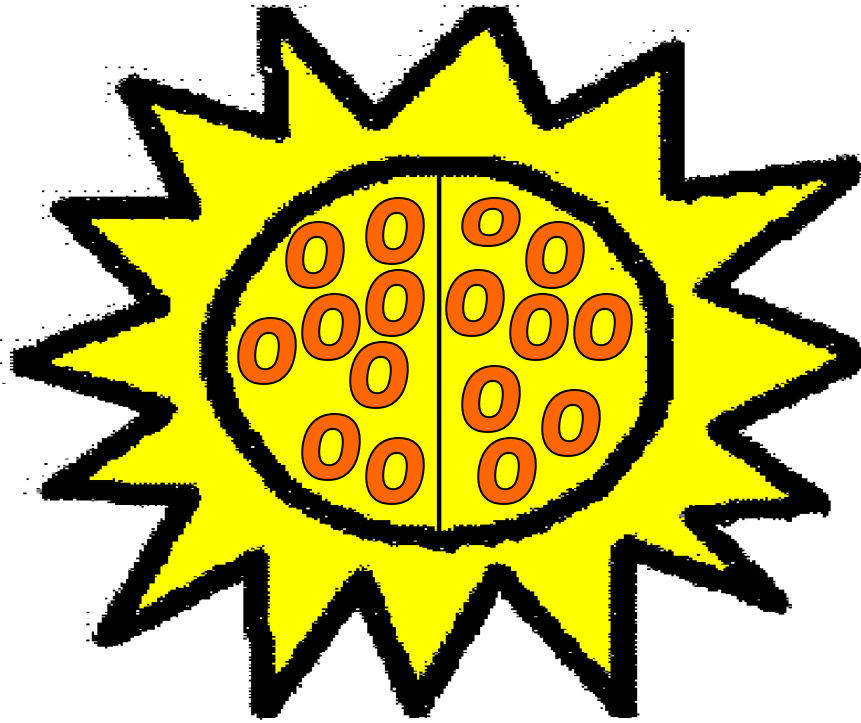

Instructions:

- Teacher will reproduce *Patterns in the Sun* on construction paper or card stock.
- Teacher will cut each sun in half along black line.
- Using a felt or Velcro board, teacher will present one half of a patterned sun.
- Allow students the opportunity to select the appropriate matching sun pattern.

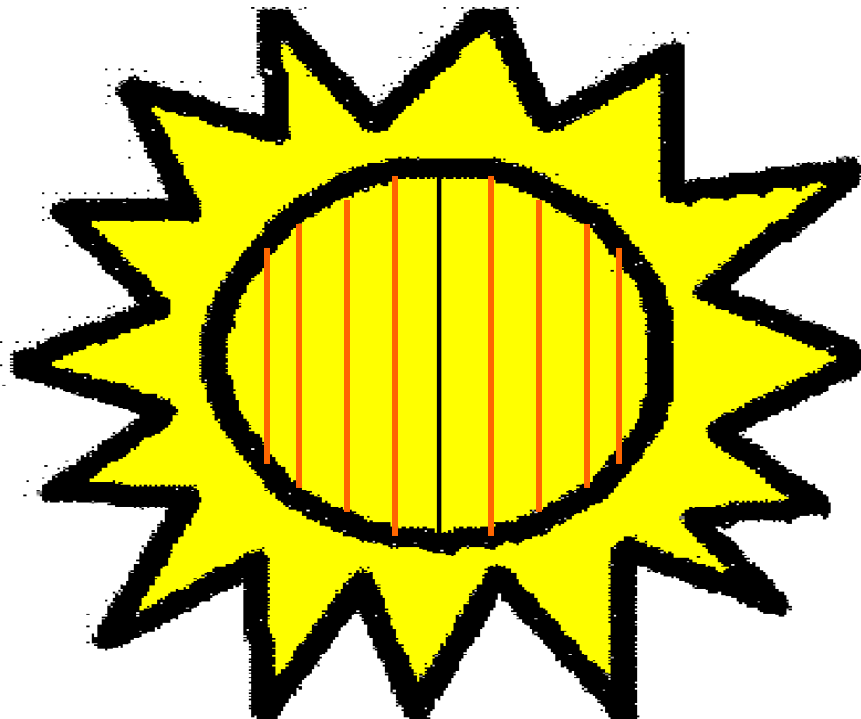

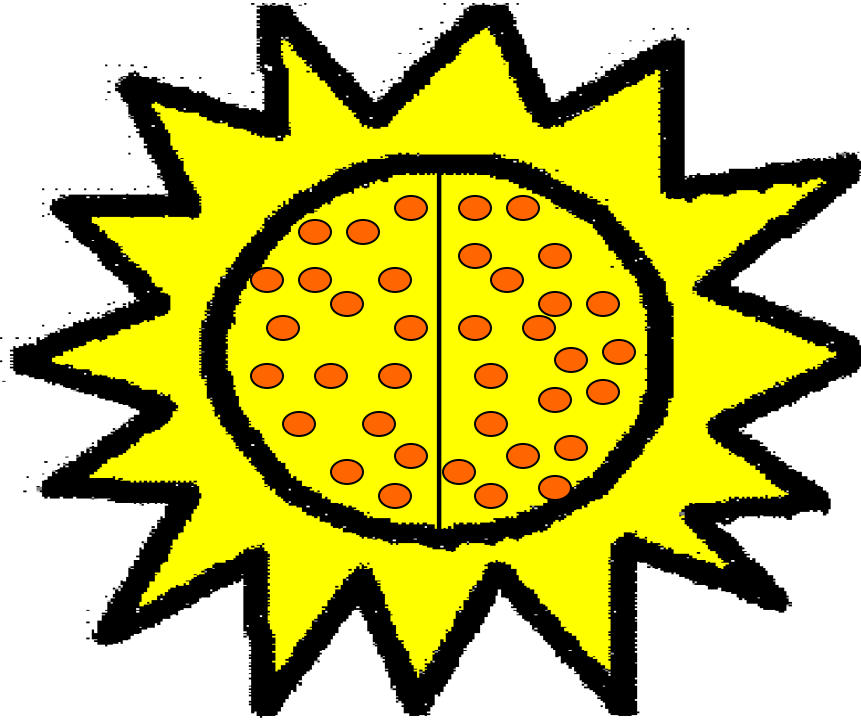

Suggestions:

- Laminate for durability.
- Matching sun patterns may be presented to the children in various ways. Individual halves of each sun may be randomly passed out to the students or sun choices may be grouped on a felt board or on the floor.
