

Peter's Puzzles

Domain:

- Cognitive, Fine Motor, Language

Objectives:

- Child will identify characters and animals.
- Child will use visual discrimination to assemble puzzle.
- Child will use fine motor skills to paste puzzle pieces together.

Materials:

- puzzle pages
- outline pages
- construction paper
- scissors
- paste

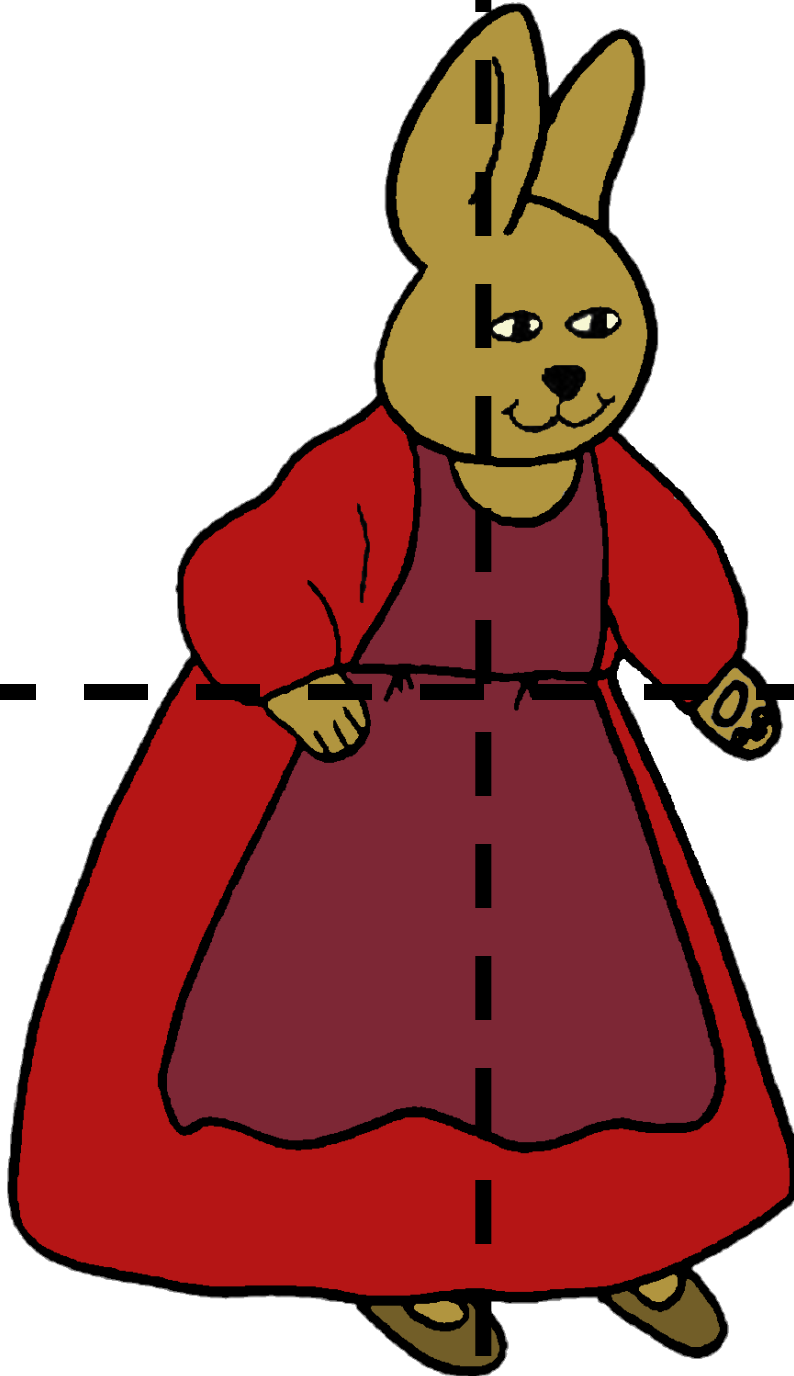

Instructions:

- Teacher will copy *Peter's Puzzles* pages.
- Teacher or child will cut puzzle in to 4 pieces along dotted lines.
- Teacher will demonstrate correct placement of puzzle pieces.
- Child will paste puzzle pieces correctly on outline to complete this activity.

Suggestions:

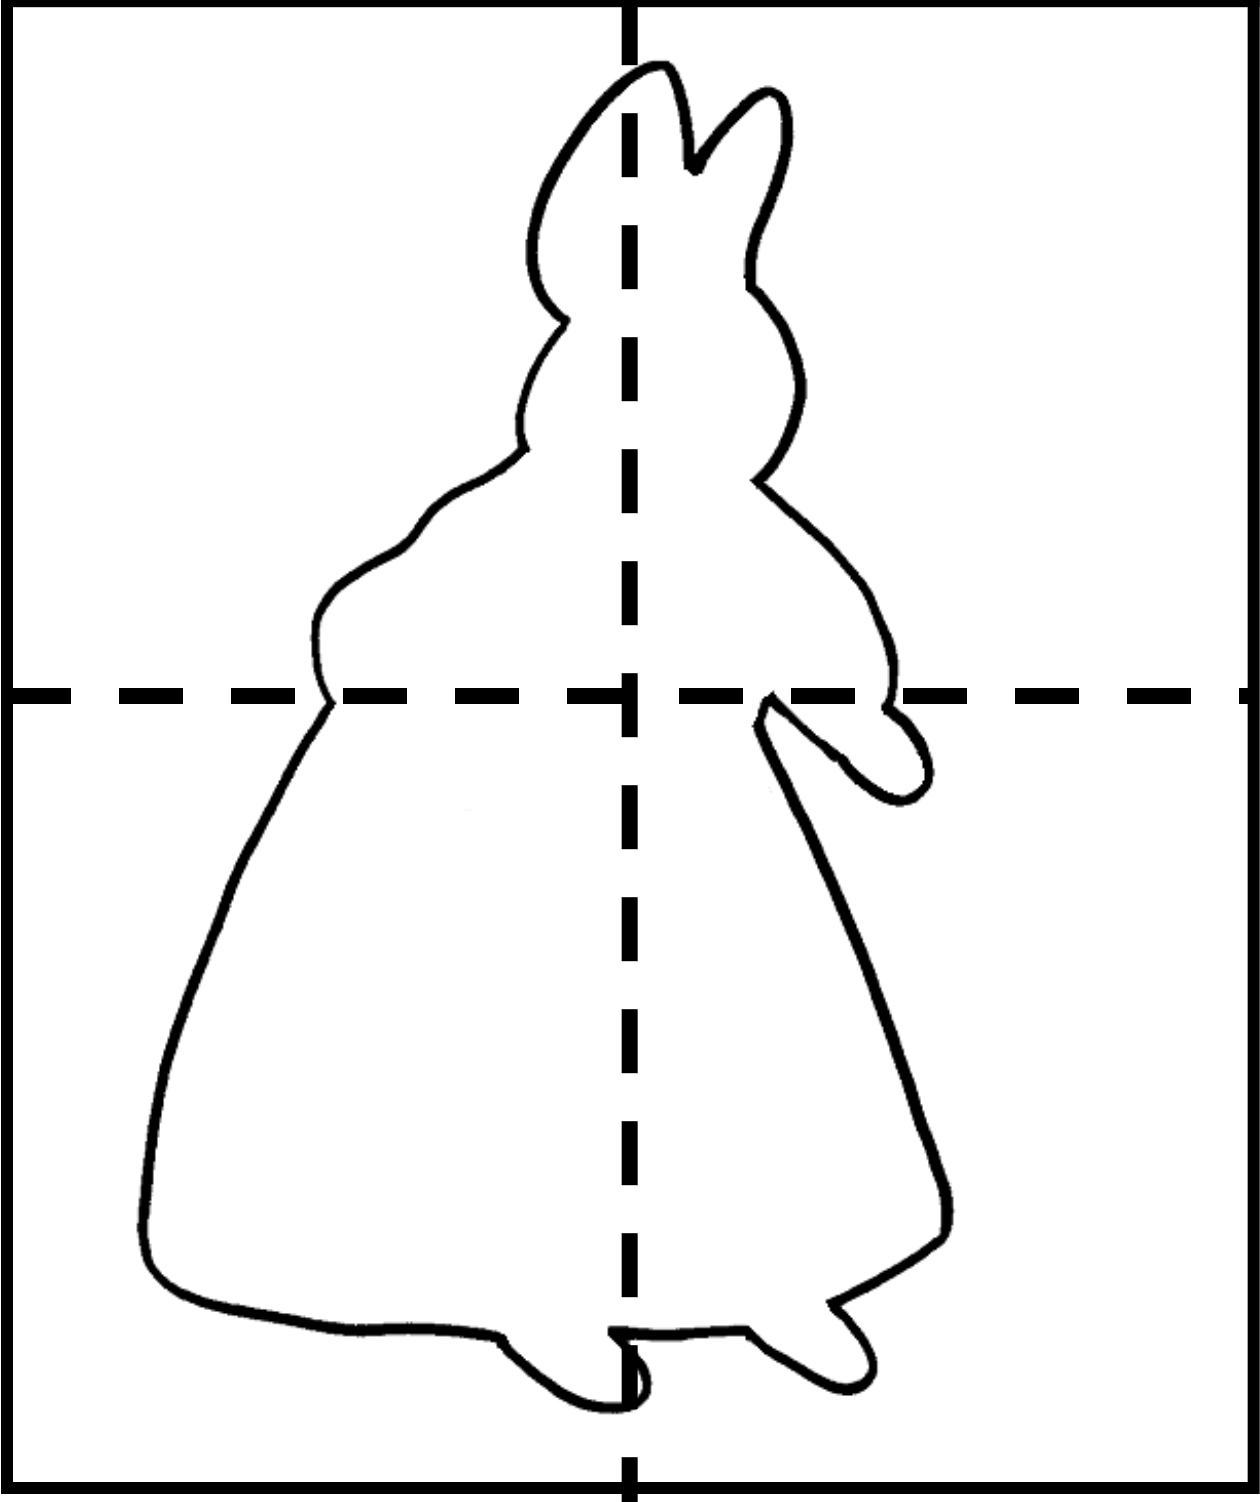

- Laminate puzzle sections for durability and repeated use.
- For very young children, do not cut the picture into pieces, allow them to match the entire image onto the outline.
- For a simple two piece puzzle, cut image into two pieces vertically and match to the outline. Repeat and cut image horizontally.
- Place Velcro on puzzle template and on the backs of puzzle pieces to help keep them in place
