Where did Hermit Crab's friends live?

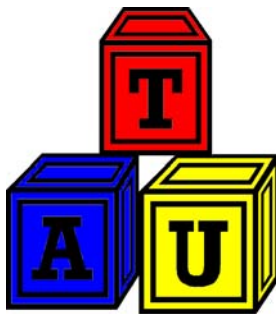

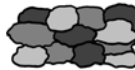

Who, What, Where?

Who was shaped like a star?

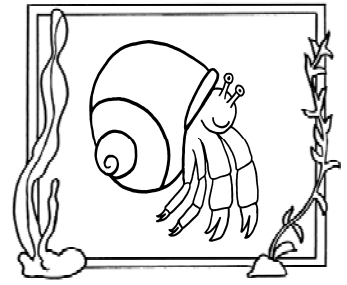

What did Hermit Crab use to make a wall?

Where did Hermit Crab find snails?

Who Am I?

Domain:

- Language, Cognitive

Goals:

- Child will identify an animal by listening to a description.
- Child will describe animal listing its physical features.

Materials:

- *Hermit Crab and Friends Sequencing Cards* pp. 28-34
- *Animal Description Cards* pp. 72-74

Instructions:

- Select an animal from the *Hermit Crab and Friends Sequencing Cards*. Using suggestions from the *Who Am I? Description Card*, describe the features of that animal. Point out the physical features as you describe the animal.
 - Using suggestions from the *Who Am I? Description Card*, describe the features of that animal. Encourage children to guess which animal you are describing. Reinforce the correct answer by showing the appropriate picture or plastic animal.
- Allow child to select the picture of an animal. Hide the picture from the view of the other children. Encourage the child to describe which animal he/she has chosen. Allow classmate to guess the animal. Reinforce correct answer by showing the appropriate picture.

Suggestions:

- After reading the description card that refers to a human being, use a mirror to point out the described features.
